

ROMANELLI R & H HUGHES

Did you know?

#1

The best...

In May 2008 Romanelli & Hughes was ranked, the Number One Custom Home Builder for 2007 gross sales, by Business First Publications.

Members only...

Romanelli & Hughes is a member of the Building Industry Association of Central Ohio, Ohio Home Builders Association and National Association of Home Builders. Members must qualify each year, proving to be in excellent standing with customers and forward thinking in the industry.

Control...

Winner of the BIA's 2007 MAME Award for Exceptional Design Gallery over 1,000 sq.ft., Romanelli and Hughes offers our clients an outstanding range of personal options. You're invited to visit us during our Open House hours, every Monday from 4-7pm at our corporate location.

Dreams to reality...

Our talented Residential Design Department, with a combined 40 yrs of experience in the industry, is ready to assist you in creating the custom home of your dreams. Building dreams into reality always starts with a well conceived plan.

Excellence...

The principal owners of Romanelli and Hughes are on our job-sites daily working along side our outstanding Site Superintendents to ensure that every home built is worthy of the R&H inscribed on its address stone.

Green is clean...

Romanelli & Hughes is a member of the BIA's "Central Ohio Green Building Initiative" continuing our commitment to high quality standards while minimizing our carbon footprint.

Less is more...

Each home is verified by Energy Designed Homes, an independent professional organization, to be an ENERGY STAR Qualified Home. Our homes meet or exceed strict energy efficiency guidelines set by the US EPA.

Comfort...

Energy Star qualified heating equipment is standard at Romanelli & Hughes, offering you and your family the comfort you deserve with lower overall utility costs, less risk of air quality problems and increased durability.

Convenience...

Romanelli and Hughes offers a progressive on-line communication tool during the building process that allows clients access to their selections information and construction schedule from anywhere in the world via internet connection.
